

Tinsnips 10"

Product Code: F0004363

Product Description

The Tinsnips combine hardened steel blades with a sturdy metal handle for reliable cutting performance. Designed with a jaw capacity of 95mm and anti-nip lugs for safety, these snips handle aluminium sheets up to 1.6mm, mild steel sheets up to 1mm, and stainless steel sheets up to 0.6mm with ease. The ergonomic soft grip ensures comfort during use, blending traditional design with modern efficiency.
